SUBJECT: OLYMPIC FIRE Mission

TO: Chairman, EXSUBCOM

1. An OLYMPIC FIRE mission is being planned to provide coverage of Soviet Naval visit to Cuba. A Soviet Naval force which appears bound for Cuba consists of KRESTA 1 Class CLGN PN 293, KAVIN Class DDG PN 560, and KAZBEK Class AO KURSK. It is also probable that one or more FOXTROT Class SS is in company. The possibility of an ECHO II Class SSGN in the visit can not be excluded. Additionally, it is possible that Soviet MOMA Class AG1 SELIGER may join the force.

2. Last known locations are as follows:

a. KRESTA 1 PN 293 - 27-08N/59-01W

b. SELIGER - 26-56N/60-23W

c. KANIN PN 560 and AO KURSK - 29-21N/50-53W

3. According to present course and speed, the Naval forces should arrive at nearest Cuban port of Bahia de Nipe.

4. Request "preliminary cable" readout of Bahia de Nipe to include the following EEI:

a. Location and activity

b. Services provided by Cuba (if discernible)

c. Number by type, class, designator, status
